WORKERS DEFENSE PROJECT

The Mission

Workers Defense Project is a membership-based organization that empowers low-wage workers to achieve fair employment through education, direct services organizing and strategic partnerships.

The Need

The Texas construction industry is booming! Yes, despite the industry's enormous size and wealth, Texas construction workers – a large proportion of whom are Latino immigrants – consistently suffer poverty level wages, dangerous working conditions and abuse of their rights.

Our Approach

We combat these disturbing trends and achieve justice for working families using a two-pronged approach. We empower low wage workers directly through our education programs, legal services and organizing efforts. At the same time, we seek large scale system change through our policy and research and Better Build programs.

11:30am to 1:00pm

The Event

The Changemakers Luncheon is our largest fundraising event of the year. It brings together 200 champions, community leaders, members, and allies to celebrate the achievements of Workers Defense Project and to raise funds needed to support our important work in the community. We hope to see you there!
